PAR64 LED 2810

LED PAR Fixtures

Product code: F7100443

PAR64 LED 2810 is a professional LED PAR fixture equipped with twenty-eight high-output 10W RGBW LEDs. The powerful light source delivers intense brightness, excellent color mixing, and a wide color palette suitable for stage, event, club, and architectural applications.The fixture features motorized zoom with an adjustable beam angle from 12° to 60°, allowing precise adaptation to different lighting requirements. An integrated CTO function (2800K–9000K) enables smooth adjustment of color temperature, while the included IR remote control provides convenient operation in standalone installations.Combining modern design, high-quality components, and durable construction, the PAR64 LED 2810 offers reliable performance for both professional lighting designers and users seeking a versatile, easy-to-use lighting solution.
