OCTO HELIOS1 TRIPOD

Product code: P7300007

Accessories / Lighting Stands

flashPRO INNOVATIVE STAGE LIGHTING

OCTO HELIOS1 TRIPOD is a stand designed to become an integral part of the overall arrangement. Its slim, three-legged construction draws inspiration from retro styling and pairs perfectly with the OCTO HELIOS1 430 as well as the FLASH ART BlindONE with flashPRO RetroONE combination.
Once the fixture is mounted, the stand and light form a cohesive, eye-catching whole – a freestanding decorative element that requires no suspension or additional supporting structure. It is particularly well suited for event spaces, stage designs, exhibitions, hotels, restaurants and other interiors where not only the light itself matters, but also the overall visual impact of the complete installation.

flash fixtures: We have our own database of **ready-made fixtures.** Check if your product is included in the database, or place an order by emailing us at **fixtures@flashpro.pl**

Product Specification

Physical parameters

Type **Tripod stand**
Leg construction **2-section**
Leg profile **C-section profile**
Height adjustment **Stepwise**
Minimum height [cm] **85**
Maximum height [cm] **160**
Leg spacing at minimum height [cm]* **60**
Leg spacing at maximum height [cm]* **105**
Mounting plate diameter [cm] **13**
Mounting hole diameter [mm] **Ø 13**
Surface finish **Powder coating**
Color **Black**
Folded dimensions [cm] **91 × 14 × 14**
Weight [kg] **6.8**

*Leg spacing measured as the side length of an equilateral triangle defined by the stand's support points.
